## Mercer Hotel Barcelona 5\*GL Monument

Mercer Barcelona is an exclusive 5-star hotel set in the heart of Barcelona's Gothic Quarter, nearby the Cathedral. The property occupies a collection of buildings with great architectural significance on Carrer Lledó, built on top of a section of the walls of Barcino, the ancient Roman city. It retains features from a variety of historical periods stretching from the 1st century AD up to the 19th century, all of which have been restored not only to display but also to encourage a genuine feel for the history of Barcelona.

The renovation project was entrusted to **Rafael Moneo**, the prestigious architect who was distinguished with the Prince of Asturias Award in 2012. His work has enabled a valuable piece of architectural heritage to be rescued and then integrated with innovative contemporary architecture, thus gifting the city with a building that looks to the future from a standpoint of respect for its past.

## Xavier Lahuerta, Executive Chef of Mercer Barcelona since 2019

Heir to his grandmothers' passion for cooking, **Xavier Lahuerta** (Barcelona, 1975) forged his career through the years in the kitchens of renowned chefs such as Xavier Pellicer, Santi Santamaria, Carles Gaig, Ferran Adrià, Carles Abellán, and Jean Luc Figueras.

With an intuitive personality, he likes challenges, especially those that allow him to be authentic and connect with people. Quality and emotion are reflected in his refined cuisine with a Mediterranean soul.
